INTRODUCTION

The OM BACK2UNITE program is an alumni program organized by MBA1325C and MBA1325D students as a medium to strengthen the relationship between alumni, students, and lecturers in a relaxed and meaningful atmosphere. This program serves as a platform for reunions between former students and the institution, in addition to creating a space for closer interaction between alumni and students through various activities carried out throughout the program.

In addition, the organization of OM BACK2UNITE also aims to foster a spirit of togetherness and a sense of belonging among alumni so that the relationships that have been established since their studies can continue even after graduation. This program also provides an opportunity for all parties to reunite, get to know each other, exchange experiences, and strengthen relationships in a more relaxed and informal manner.
